The contents of this document have been agreed upon and endorsed by the Grant County Court, the District Forester of the Central Oregon District for Oregon Department of Forestry, and the Grant County Fire Defense Board Chief. This plan is not legally binding as it does not create or place mandates or requirements on individual jurisdictions. It is intended to serve as a planning tool for the fire, emergency, and land managers of Grant County. The Grant County Community Wildfire Protection Plan is designed to provide a framework for those local agencies associated with wildfire suppression and protection services, to help assess the risks and hazards associated with wildland urban interface areas, and to identify strategies for reducing those risks. This is a working document to be reviewed by members of the Coordinating Committee and updated as necessary.
